EDUCATION AND YOUTH SERVICES SECRETARIAT

Redesignation of the Directorate of Youth Services as the Directorate of Youth Services and Sports - Absorption of the staff working in the Karnataka Sports Council in the Directorate of Youth Services and Sports.

PREAMBLE:—

The Karnataka State Sports Council has been in existence since the year 1957. The Sports Council is a body created by an order of the Government and it is reconstituted periodically by Government. The Staff of the Sport Council consists of those who are on deputation from other Departments, like the Department of Public Instruction, Directorate of Collegiate Education, State Accounts Department and the Youth Services Department and also the staff appointed by the Karnataka State Sports Council. The vacancies on administration side like Assistant Secretary Accounts Officer, first Division Clerks etc., are being filled up by deputation from other Departments. The coaching staff have been appointed (except two coaches on deputation from the Department of Public Instruction) by the Sports Council itself. The total office staff are 12 including peons and a Driver. The coaching staff strength is 40 including Markers; Ground-man etc

The employees appointed by the Karnataka State Sports Council, some of whom have been working since 1965, are deprived of regular service benefits admissible to Govt. officials. Most of the coaches, Markers and Peons who have served the Sports Council for ten years or more are not yet confirmed or given any service benefits, such as, Provident Fund or pension. The coaches appointed by the Sports Council are trained coaches and some of them have done good work for the improvement of sports. Unless employees are absorbed in the Youth Services Department by creating posts they will have no sense of security nor will they get any service benefits.

The President, State Coaches Association, Bangalore has represented that the State Government is promoting games and sports activities to raise the standard of sports in the State to meet the challenge of the international standard. Our State coaches have not lagged behind and large number of National and International sports men and women and products of this State. He further states that these coaches and Class IV employees of the Sports Council are working since the last 15 years without any service conditions and benefits. In his opinion, the absorption of these few coaches and class IV employees in the Youth Services Department will not be a burden to the Government as the Govt. are paying cent per cent grants to the Sports Council. He has therefore requested to absorb the staff of the Council in the Youth Services Department.
